**Before conducting examination of the above-identified application, please enter the following amendments and consider the following remarks:**

**In the claims:**

Please substitute the following claims for pending claims with the same numbers.

Please cancel claims 1-19, without prejudice.

24. A method for controlling access to information presented by a web browser comprising:

presenting content within a browser window of the web browser; and  
disabling a disallowed user function when the content is within the browser window.

Please cancel claims 44-61, without prejudice.

62. A computer readable medium having stored thereon computer executable instructions to cause a client digital processing system to perform a method comprising:  
receiving protected content from a server digital processing system;  
presenting the protected content within a browser window; and
